

# Professional Office Telecom Headset

## Element TT3 Modular Headset

The Element TT3 is a premium plus office and contact centre modular telecom headset system suitable for high volume phone users.

The Element TT3 is a unique patented 3 part modular telecom headset system that has been designed to provide the user with the choice of wearing styles on demand, as well as giving notable cost savings and a longer headset life. The Element TT3 gives you the option to switch from monaural headband to binaural headband with one simple click.

- Single or dual ear - Unique user interchangeable headband from single to dual ear
- Left / right ear side compatible
- Wideband enabled speakers
- Noise cancelling microphone
- Ratchet style microphone boom arm
- Leatherette ear cushions included
- High comfort headband - additional padding/support added to the top of the headband
- Headset storage bag included
- Full range of bottom leads available
- 24 Month repair or replacement warranty
- Longer Life - Because of the modular design, if a speaker / microphone or headband breaks out of warranty, you only need to replace half of the headset (one part), which means a longer life for the headset and a cost saving because you do not need to replace the complete headset.
- Cost of ownership reduced - why change the whole headset when changing half is the solution!

### TECHNICAL DATA

#### Microphone:

Pattern:	Electret Condenser
Directional:	Noise Cancelling
Impedance:	max. 2.2k Ohm
Sensitivity:	-49±3dB at 1 kHz
Frequency range:	100 Hz - 10 kHz
Operating Temp:	-20°C to +60°C
Storage Temp:	-25°C to +70°C

#### Speaker:

Pattern:	Electrodynamic
Impedance:	32 Ohm ± 15%
Sound pressure level:	126±3dB at 1mw & 1kHz
Sound intensity level:	Max. Power 300mw
Frequency range:	100 Hz - 5 kHz
Operating Temp:	-25°C to +50°C
Storage Temp:	-25°C to +50°C

HEADSET BAG

## Upgrade your JPL headset by adding the **NEW 'EC-TT3' 70mm** ear cushion

### EC-TT3

The 'EC-TT3' 70mm ear cushion fits simply onto our Element TT3 monaural and binaural headsets, surrounding your ear with the large cushion to allow you to concentrate on the call and not be distracted by conversations around you. Once you have removed the existing 50mm ear cushion, the 'EC-TT3' bracket simply clips onto the speaker holder and then the 70mm smooth leatherette ear cushion slips neatly over the bracket.
